SCHOOL NOTES.

The Literary societies of the High school will render a joint program, November 3rd. This program will consist of debates, dialogues and perhaps a short play. The High School Orchestra will furnish music. The public is invited.

Friday afternoon is an opportunity with the children in the grade building. At this time the girls, from the Third grade to the Seventh, have their sewing periods. The boys of the upper grades have whittling and carpenter work. In the lower grades the children have card-board construction and various other forms of busy work.

The to teachers throughout the country is that the time for the meeting no better time for visiting it of the Pees Valley Teachers' Association has been arranged.

By the way, have you visited to the schools? Do you realize that more than 500 children are attending every day?

There are fifteen teachers for you to meet

and with whom you may confer as to educational problems. The children like visitors. You are invited to the town and community in general to form an intelligent estimate of an institution which costs the school district more than \$12,000 annually.

The fifth grade is the largest grade in school. Four-fifths of the new students of the past few weeks seem to belong to that grade.

The Kindergarten still maintains an attendance of over thirty. Have you ever seen a kindergarten at work? If not, you would enjoy a visit to that department more than to a circus. Their hours are from nine to eleven.

The next meeting of the Home and School association will occur on the third of November. An excellent program has been arranged.

The place is the High School Auditorium; the time is 3:30. Come! You can't afford to miss it.

Superintendent Poore and perhaps one or more other teachers will leave about November 12th, for the New Mexico Educational meeting at Santa Fe. November is an interesting month for the teachers of Eddy county.

The N. M. E. A. meets November 15th to 18th. The Eddy County Teachers' Association meets on Fridays and Saturday after Thanksgiving. On Friday November 27th, there will be a tennis match between the Seventh and Eighth grade girls.

and on November 28th the Literary societies play a match between both boys and girls. The respective teams are practicing daily. Come and see us.
